#### **EXECUTIVE SUMMARY**

The Quarterly Budget Review Statement (QBRS) reports on Council's performance against the Operational Plan for the quarter ending 31 March 2024. The QBRS acts as a barometer of Council's financial health during the year. It also discloses Council's forecasted financial position for the year end to assist with informed and transparent decision making.

Council's original budget for 2023-24, on a consolidated basis was an:

- operating result, before capital revenue, of (\$6.85 million) deficit
- operating result, after capital revenue, of \$75.93 million surplus
- decrease (usage) of \$27.18 million in unrestricted funds.

The proposed revised annual budget is an:

- operating result, before capital revenue, of (\$2.37 million) deficit.
- operating result, after capital revenue, of \$58.28 million surplus.
- decrease (usage) of \$26.52 million in unrestricted funds.

Council remains concerned with the impact of decisions on cash and operating deficits in the current year with trends of ongoing operating deficits that may be unsustainable in the longer term.

### **Consolidated Income Statement (Attachment 1(b):**

The Consolidated Income Statement shows the types of income, and expenditure per council service areas. This result can indicate whether Council is able to raise sufficient revenue to cover the operational cost (including depreciation) of delivering services to the community before considering its capital revenue.

The result is impacted by the timing of project funding, where funds are received in a different year to the expenditure taking place.

The revised operating result is a deficit of \$2.37 million before capital revenue.

#### CONCLUSION

The following statement is made in accordance with Clause 203(2) of the Local Government (General) Regulation 2005:

As the Responsible Accounting Officer, it is my opinion the March Quarterly Budget Review for Eurobodalla Shire Council indicates that Council's projected financial position, as at 30 June 2024, will be satisfactory, having regard to the projected estimates of income and expenditure and the original budgeted income and expenditure.

The March Quarterly Budget Review Statement continues to forecast an operating deficit for Council in the current year. Council continues to face financial challenges due to the limited ability to increase revenue, continued increases in CPI, wages and operating costs. Council has developed a Finance Strategy to mitigate these challenges that was presented at the ordinary Council Meeting 19 December 2023. The Finance Strategy 2024-28 aims to achieve and maintain the financial resilience of Council. The Strategy identifies 3 key themes of financial resilience, prudent asset management and accountability. Several actions included in the Finance Strategy are underway.
